PACIFICATION IS UP TO CARRANZA

MEDIATORS HAVE PUT PROPOSITION BEFORE HIM IN AN ADROIT MANNER.

HUERTA PROMISES TO RESIGN

A. B. C. Envoys Learn Conditions Under Which Dictator Will Retire—Ask Peace Pledge.

(Associated Press.)
Niagara Falls, June 3.—The mediators have opened the way for participation in the conference by the rebels, if the care to come in. The next move must come from Gen. Carranza, Constitutional leader, and will determine whether Mexico is to be pacified by diplomacy. A note outlining the attitude of the mediators has been sent to Rafael Zubaran of the Constitutional cabinet who is now in Washington.

According to the well informed it is difficult to see how the Constitutionalists can refuse to enter into the conference, so adroitly have the mediators placed the proposition before them.

Niagara Falls, Ont., June 3.—Developments of high importance in connection with the settlement of the Mexican situation by the A-B-C. mediators took place here.

These developments may be summarized as follows:
1. Through the Mexican delegates General Huerta issued his first formal statement to the world announcing his willingness to retire from office.
2. General Huerta accepted "in principle" the plan for the pacification of his country agreed upon by the American and Mexican delegates Wednesday night last.

3. In compliance with the insistent request of President Wilson the mediators have sent a reply to the request of Senor Zubaran, agent of General Carranza in Washington, that constitutional delegates be granted admission to the conference. As indispensable conditions of admission the mediators, adhering to their original position, which President Wilson has been unable to change, declared:
(a) That hostilities must be suspended by the constitutionalists.
(b) That the constitutional representatives must accept the measures already agreed to by the American and Mexican delegates.

4. The mediators issued a statement formally denying reports of a deadlock over the question of the proposed participation by the constitutionalists in the conference.

Delegates Issue Statement.
Ever since the arrival of the Mexican delegates here it has been known that General Huerta would retire provided he could do so with dignity and the acts of his government should be sustained. The statement of the delegates to this effect is the first formal declaration of his purpose which has been made.

Two conferences were held by the mediators during the day, the first with the American delegates and the second with the Mexican representatives. That with the Americans related to the questions of constitutional representation and the personnel of the provisional government which is to succeed Huerta.

The A-B-C-Mexican conference developed General Huerta's acceptance of the plan of pacification with a suggestion of certain modifications. President Wilson's attitude with reference to the plan of pacification is declared by the American delegates to be favorable, but his formal reply concerning it has not been presented.

Furious Over Carranza.
Washington, June 3.—President Wilson and his advisers are furious at General Carranza's sharp criticism of the A-B-C. mediators and the government of the United States. The statement indirectly attributed to General Carranza and the later and more diplomatically worded announcement of Luis Cabrera, who would probably have represented the "first chief" at Niagara Falls if rebel representation had been decided on, make it practically impossible, it is believed, for any amount of persuasion from the United States to induce the mediators to extend an unconditional invitation.

The mediators issued a formal statement denying published reports that the Carranza note had produced a deadlock in the negotiations between themselves and the American delegates.

U. S. Fears Intervention.
The president and Secretary Bryan have been anxious to induce Carranza to participate in the mediation proceedings that the situation throughout Mexico may be peaceably adjusted. The Carranza statement, however, is regarded as an indication that it may be necessary, after all, to resort to force.

NEW HOTEL OPENS; CREDIT TO DIXON

"NACHUSA TAVERN" OPENS TODAY—OLD HOTEL IS REHABILITATED IN FINE STYLE.

IS VERY BEAUTIFUL HOTEL

Eight Weeks of Labor Have Transformed Old Nachusa House Into a Metropolitan Inn.

In the rehabilitation of the old Nachusa House, which was re-opened today under the name of Nachusa Tavern, M. E. Rice, who purchased the property and moved here from Fort Wayne, Ind., has given a practical demonstration of accomplishment.
In eight short weeks, under his skillful direction, the old hotel has been rebuilt into a modern inn, well arranged and beautiful. Eight weeks ago Mr. Rice closed the hotel and announced that he would have it remodelled and opened for business by June 1. Skeptical ones scoffed outright at the impossibility of doing all Mr. Rice said he was going to do in that time. But he plunged into the work, spared neither time nor money, and today the hotel was opened for business, two days late of the announced time. Decoration day and another unavoidable delay caused the tardiness of the two days.

Wonderful Improvement.
The changes which Mr. Rice has directed in the hotel constitute a wonderful improvement. Throughout the structure has been remodelled. An elevator has been installed, new plastering and paper have been put in every room, the halls have been re-floored, lavatories with running hot and cold water have been put in every room, numerous baths have been added, a telephone system provides communication to every room in the building, and new carpets, furniture and electric light fixtures have been installed throughout the house.

The office, waiting rooms, parlor, dining room and kitchen have also received very attractive attention. The dining room has been given a new handsome ceiling, the pillars have been encased and the room is decorated in a beautiful cream. The office has been given a tile floor and an ornamental ceiling has also been added. The reading and writing rooms have been enlarged and handsome ladies' parlor has been provided just off the dining room.
In the basement the same thoroughness of improvement has prevailed. A commodious and sanitary toilet room has been installed and numerous light and suitable sample rooms have been provided.

Exterior Improvement.
The exterior appearance of the building has also been greatly improved. A new porch has been added, and wherever necessary the walls have been repaired, following which the building was given a dressing of clean paint. An electric sign on the roof and a tall flagstaff, from which Mr. Rice announces Old Glory, will fly throughout the entire year, adding much to the appearance of the stately building on the hill.

The entire hotel has been equipped with new mahogany furniture while the kitchen and dining room service are entirely new. Mr. Rice's accomplishment in his improvement of the hotel is a worthy one.

The dining room of the hotel opens Thursday.

FOND DYNAMITE IN GOVERNMENT OFFICE

FIVE STICKS OF EXPLOSIVES FOUND UNDER SECRETARY HOUSTON'S OFFICE.

(Associated Press.)
Washington, D. C., June 2.—Five sticks of dynamite, with burning fuse attached, were found yesterday in the Department of Agriculture building, directly under the office of Secretary Houston. The fuses were extinguished before any damage was done.

The watchman who claimed to have discovered the dynamite, is held pending an investigation and the officers are looking for another employee who was recently discharged and who has been making threats.

WEBB AMENDMENT PASSED.

Washington, D. C., June 3.—The Webb amendment to the Clayton bill, declaring that peaceable strikes, boycotts and picketing, shall not be construed as illegal, was adopted by the House of Representatives after a number of sensational speeches yesterday.

lamentation of himself as provisional president of Mexico.

Rebels Against Compromise.
El Paso, Tex., June 3.—Any compromise with the Huerta government will not be accepted by the constitutional party, said Mexican revolutionary agents. General Carranza's frequent utterances regarding this subject were recalled.

NACHUSA TAVERN

The above, the new Nachusa Tavern, as it appears today, with the exception that the wing which will be seen on the left is yet to be added. This wing will reach nearly to the present Y. M. C. A. building and will be 100 by 66 feet, three stories high, adding thirty rooms. The hotel now equals any inn that the state can boast excepting, of course, Chicago.

BURNS SELF BADLY SLIDING DOWN ROPE

RALPH SCHUMAKER OF ELDENA BADLY BURNED AND WILL BE INCAPACITATED FOR AWHILE.

Ralph Schumaker of Eldena was painfully burned on his right hand and arm this morning in sliding down a 40-foot rope from the top of an elevator, the burns being sufficiently severe to require the attention of a local doctor. Schumaker was working at the top of the elevator when an accident prevented him lowering himself with the rope and he found it necessary to slide down. The young man will be kept from work for some time by his injuries.

JOHN C. HARRIGAN DIED TUESDAY EVE

WELL KNOWN DIXONITE DIED SUDDENLY OF STROKE OF APOPLEXY.

STRICKEN IN POOL ROOM

Dementtown Saloon Keeper Passed Away in Ambulance Before They Could Get Him Home.

John C. Harrigan, who for many years, with the exception of a short time spent in Chicago, has been actively connected with Dixon's business life, passed away suddenly at about 7 o'clock Tuesday evening as the result of a stroke of paralysis which he suffered at the Wingert billiard hall on Depot avenue.

Mr. Harrigan stopped in the pool room, which is adjacent to his saloon, while on his way home to supper, but soon after entering the room he complained of feeling dizzy. He asked for a drink of water but after taking one swallow he collapsed in a chair, with the result that the family physician was summoned.

Died Enroute Home.

The doctor was immediately summoned and he answered hurriedly but the stricken man failed to respond to the treatment given him and the ambulance was summoned to remove him to his home, 416 Ninth street. He passed away in the ambulance when it was within a short distance of his home.

John C. Harrigan was born in Jamestown, N. Y., 53 years ago and was united in marriage to Miss Rose McCreary at Amboy in 1892. One son, John C., was born to the union, and he, with the sorrowing widow, survive to mourn his passing. To them the condolence of many friends is tendered.

For a number of years Mr. Harrigan was engaged in the coal business in Dixon, being a partner of Frank Valle in their business in Dementtown. A number of years ago he disposed of his interest in that business and went to Chicago where he conducted a buffet, returning to Dixon about two years ago. He purchased the Emil Pressler buffet on Depot avenue and since that time has been engaged in business there.

Mr. Harrigan was a big hearted man, true to his friends and family, and a host of friends will mourn his sudden death. The funeral will be held Thursday afternoon at 2 o'clock from the home and 2:30 from St. Patrick's Catholic church.

JOHN DOWD FUNERAL IN DIXON THURSDAY

The remains of John Dowd, formerly of Harmon, who died at the home of his daughter in Chicago on Tuesday afternoon, will be brought to Dixon tomorrow morning at 10:14 o'clock and will be taken at once to St. Patrick's Catholic church where funeral services will be held at 10:30. Rev. Foley will officiate.

Mrs. Catherine Callahan of Polo is visiting Dixon friends.
W. Teschendorf went to Chicago this morning on business.

WOULD ARBITRATE TOLLS QUESTION

SENATE FOREIGN RELATIONS COMMITTEE WILL ARBITRATE WITH GREAT BRITAIN.

(By the Associated Press)

Washington, D. C., June 3.—The senate foreign relations committee has adopted a resolution directing President Wilson to open negotiations with Great Britain for special arbitration of the Panama tolls dispute. The resolution goes to the senate. Five republicans and three democrats voted for it. The action does not in any way interfere with the passage of the repeal bill, according to a statement by Senator O'Gorman today.

SATURDAY IS BIG ROAD DAY AT HARMON

COUNTY SUPERINTENDENT OF HIGHWAYS NEIGHBOUR ISSUES A CALL.

L. B. Neighbour, county superintendent of highways, has issued his second call for a road making contest, this one to be held at Harmon June 6th, Saturday. "Jumbo" and "Uncle Jim," the two great rivals, are to be the principals in the affair. A big crowd is looked for. Everybody is invited. All highway commissioners, supervisors and good roads enthusiasts are surely expected to be there. This is an excellent opportunity for those who did not witness the demonstration in Willow Creek township to see a good exhibition of road building. A mile of road will be built by each of the star performers. The performance will be on from 10 to 4 o'clock.

LEE HAS CHANCE AT MILE OF FREE ROAD

ENOUGH CONCRETE FOR A MILE OF ROAD WILL GO TO EITHER DEKALB, OGLE OR LEE.

HIGHWAY BOOSTERS WANT IT

Meeting at DeKalb Yesterday Well Attended by the Lincoln Highway Boosters.

Rev. A. B. Whitcombe, Lee County Consul for the Lincoln Highway Association in Illinois, was one of seventeen Lincoln highway enthusiasts who attended the meeting at DeKalb yesterday from Lee county. There were forty present and the entire state was represented, so it will be seen that Lee county had its full share of Lincoln highway boosters.

A feature of the meeting Tuesday was the consideration of an offer from the Portland Cement Manufacturing association, who offer to give the Lincoln Highway Association of Illinois enough cement to build four miles of concrete highway.

The question of where to place the concrete road or how to divide it was the cause of considerable argument but was finally settled by the adoption of Rev. Whitcombe's motion that the state be divided into four districts and each district to get a mile of the road. The road in each district will be given to the township or county which will add the most concrete or brick road to it. For instance, if the county of Lee will build say two or three miles of concrete road on the Lincoln highway, we most likely would get the bonus mile of cement free.

Rev. Whitcombe and the other Lee county men who attended from this county, among whom were several supervisors of Lee county, are quite enthusiastic about the proposition and intend to see what can be done about getting the county supervisors to change their plans again and build Lee's state aid road on the Lincoln highway this year in order that the extra mile of cement may be won. They believe it is too good a chance to let go by without any attempt to win it.

There will be a meeting of the Lee county board of supervisors in Dixon next week and in all likelihood the matter of changing the location of the state aid road will be brought up before the board.

Dixon's District.

The district in which Dixon falls, and with which Dixon and Lee county will have to compete for the prize, is bounded by a line just west of the city of DeKalb, taking in a portion of DeKalb county on the east and Palmyra township, just west of Dixon, on the west. A portion of DeKalb, Ogle and Lee are in the district. Ogle will be a strong competitor and every township along the route would like to get it.

PINES ARE CONDITIONAL.

ARE LAYING BRICK ON GALENA AVENUE

FIRST BLOCK OF NORTH SIDE JOB NEARLY READY FOR THE PUBLIC—GOOD WORK.

Contractors Rink & Schnell, who have the North Galena avenue paving contract, began laying the brick yesterday morning and nearly completed the first block, between Fellows and Chamberlain streets, before evening. After sweeping and rolling the newly laid brick, the pouring of the asphalt filler is being applied today and by tomorrow noon the first block of completed pavement on this job will probably be thrown open for use. The work is evidently being done in a very careful and substantial manner, and should make a most excellent street.

It is possible, however, that he will lose the sight of one of his eyes, and it is possible that there is an injury to the skull on the forehead.

SUFFRAGETTES HOLD A REIGN OF TERROR

HORSEWHIP THE DOCTOR WHO ADVOCATED FORCIBLE FEEDING IN PRISON.

IRISH EDITORS GET LICKED

Two Big Militant "Sufts" Walk Into Sanctums and "Beat Up" Editors in Old-Time Style.

(Associated Press.)

London, June 3.—As Dr. Francis Forward, medical officer of Holloway jail, was leaving the prison this morning he was set upon and horsewhipped by two suffragettes who said they "protested against the forcible feeding plan adopted in the prisons to overcome the hunger strikes for the suffragettes, and for which this beast is responsible."

Last October Forward was attacked in a similar manner.

Suffragettes burned a cricket pavilion near here today.
A stylishly dressed "suff" entered the door of an art gallery and ruined two pictures with a hatchet and was about to attack a third when she was seized by an attendant. The woman vandal then turned on the man and savagely attacked him, raining blows upon his body with the weapon and seriously injuring him before the police could arrest her.

One of the pictures destroyed was "Love Wounded," a priceless engraving.

A letter left in the gallery by the militant said the militants had been "too ladylike" and added "we are willing to die for justice before we will give in."

Beat Up Editors.

Belfast, Ireland, June 3.—Two militants, one a glances, entered the office of Editor Stewart of the Belfast Telegraph and the larger woman doubled up her fist and knocked Stewart galley west out of his chair and her assistant followed up the attack by bouncing the editor's bottle of nu clage off the owner's head.

The pair of bruisers then went to the office of the News Letter and administered similar treatment to Editor Anderson, whom they found in. Anderson is in bed under surgical care.

HAVE SPLENDID RECORDS.

Two Dixon students, Miss Helen and Theodore Hyde, who graduated from the eighth grade of the E. C. Smith school this spring, have splendid records. Neither one has been absent or tardy from school since they started eight years ago. There are but few pupils who can equal this achievement.

CHARLES LEAKE IS

TENNIS CHAMPION.

Charles R. Leake is champion of the Dixon Tennis club. By defeating E. B. Raymond, 6-1 and 6-2 in the finals of the "singles" tournament, which has just been conducted by the club, the honors fell easily to Mr. Leake. The club is now planning a tournament in "doubles," and in all probability contests will be arranged with teams from neighboring cities.

POOR ATTENDANCE IS HURTING LEAGUES

Organized baseball is having a troublous year. Between the raids of the Federal league and the falling off in the cities of crowds in the big smoke and the general desertion of the fans and players to the Fed indications are that the magnates are not sleeping well nights. Those who know predict a general revolution in base ball circles and while it is a question whether the dopesters are at fault or not it is a fact that several smaller leagues are going out of existence.

At the beginning of the season several minor leagues were unable to open their gates and since then there have been more league failures, the most recent being the California league, which was voted out of existence Monday, and the Pennsylvania-West Virginia league, which also disbanded because of poor attendance.

Fans are wondering what the thin crowds, trading, jumping, deserting and managerial squabbles foretell. It is evident that changes are imminent but how they are to end is problematical. Certain it is that this season will not end without some financial failures in the big "time."

TRYING NEW PITCHER.

The Brunswick of the city league are trying out a new pitcher and in so doing have again proven the truth of the old adage, "to them that hath shall be given." The new recruit hails from Assembly park and is known as Johnny Glavin. Johnny has had the Brunswick bunch sitting up and taking notice of the dope at his command and can make a baseball do several things that no nice regulation horseshoe should do.

RITCHIE TO CHICAGO.

Willie Ritchie, lightweight champion, who has been a guest at the Galvin cottage at Assembly park for the past few days, went to Chicago this morning to meet his manager, Emil Thiry, who yesterday in New York called off the proposed bout between Ritchie and Freddie Welch, to have been fought in London July 4. The bout was called off because Thiry and Bob Vernon, representative of the Olympic club of London, could not agree on the matter of stakeholder or referee. Ritchie will return to Dixon at the end of the week for an extended visit.

SMASHING UP THE LANGUAGE.

A group of highbrows and authors assembled in the lobby of a New York hotel and began to discuss ardently the difference between good English and bad English. They cut loose with a long string of wisdom about style, diction and metaphor—all of which bore Colonel Franklin P. Morgan, immensely.

"The grandest outburst of language I ever heard," he contributed, "was given by old Senator Deboe of Kentucky, during the Goebel trial. On that occasion his entire testimony was:

"I seed Jack Chinn with his knife drawned." Popular Magazine.

WHY GRIEVE?

"There have times in my life," said he gloomily, "when I was tempted to commit suicide."

"Oh, well," she said, "it's no use to grieve over the past. We can all look back and see where we've made mistakes."

JIMMY ARCHER

Red McGhee says:

The unbleached gentry of the south, with snow-white teeth an' a big red mouth an' eyes as big as owls', stood high or low among the black accordin' to their way or knack o' snatchin' off the fowls. That's jus' tradition, though, y'know. What put my thoughts on that slant, bo, was Jimmy Archer's mitt. When he gets down behind the plate there ain't no foul that he don't crate, if he gets under it.

Just pike the 1913 slate an' get a line on Jimmie's gait. He made some errors—sure, but none for droppin' fowls, you'll lamp. His fingers hold 'em like a clamp—his glove's a reg'lar sewer. You ask him how he turns the trick—how he can make the ol' ball stick an' never bounce away. He smiles an' says: "It's finger work, that's all—Don't use your whole hand on the ball. Watch me now—here's the way"

He only uses thin-stuffed gloves; just halfway down his hand he shoves—it's finger work alright. Well, anyway, his method's good an' Jimmie looks as if he would keep right on shinin' bright.

An' when his catchin' days are done Jim won't get any turkey run like other worn-out dubs. There'll be a place for Jimmie's brain to coach, advise an' teach an' train the future backstop Cubs.

SNEAK ARMS INTO PORT

Mexican Soldiers in Disguise Enter Vera Cruz Daily.

Funston Powerless to Act—Washington Objects—General Up-rising is Feared.

Vera Cruz, June 3.—Search of the baggage of an incoming Mexican brought forth more than two hundred rounds of rifle and revolver ammunition.

This was another confirmation of a fact which friendly Mexicans have been impressing upon the United States authorities for several weeks. Vera Cruz now holds several thousand Mexican soldiers and officers, about one-half of whom are well armed and supplied with ammunition. More are coming in every day, and more guns and more ammunition are being supplied to them.

General Funston knows that Mexican soldiers are straggling back into Vera Cruz. His provost guard arrested one general and held up two officers in one day. General Funston is not able to take any aggressive steps, however, because his hands are tied by Washington.

Fear of an accusation of breaking the armistice with Huerta makes the United States army supine. In the meantime the soldiers are coming in dressed as peons, privates and officers. They are without extra clothing and a perfunctory search reveals nothing.

The women attend to the arms and the ammunition. They are not searched as they come in.

Friendly Mexicans, who have means of acquiring information the Americans cannot get, say it is not the hope of their compatriots to retake Vera Cruz. They only plan for an uprising some rainy night, when they can shoot all the Americans to be found and escape from the city in the darkness an confusion.

BIG BRICK STRIKE ENDED

150,000 Men Will Return to Work in Chicago.

Chicago, June 3.—The brickmakers' strike is ended. Officials of the brick manufacturers and brickmakers signed a contract and work will be resumed in the brick yards as soon as railroad cars can be obtained. The settlement means work for at least 50,000 men. It will save thousands of small business men from bankruptcy and avert the laying off of 100,000 workmen by manufacturers who were affected by the falling off in business because of the strike. The terms on which the settlement was made were those offered three weeks ago and rejected by the brickmakers. Those earning less than 40 cents an hour will receive one cent an hour increase. The employers will have full control of the hiring and discharge of workmen.

THE DIXON ROTARY LAWN MOWER

"DIXON"

THE LIGHT RUNNING, HEAVY DUTY LAWN MOWER.

Guaranteed Equal to the Best Made.

Made in Dixon. Boost! It is Dixon. Every lawn in Dixon should have a mower on it. Your dealer should have them, if he has not got them call us and we will supply you.

We wish to draw your attention to a few of the improvements in the Dixon Lawn Mower over all other makes.

First, to the floating bed knife bar which is swiveled on the rod that ties the back end of the mower securely together, and, with the other tie rod at the front makes the most rigid frame to be found in lawn mowers.

You will notice at each back corner of the bed knife a compression spring. These press the cutting edge of the bed knife up against the reel, or revolving knife, always adjusting itself.

We make the Dixon with a thrust ball bearing which is the same as is used in automobiles, making it the best.

The knives throughout are crucible steel. The lower bed knife is crucible lip steel.

The Dixon Mower will cut heavy grass without raising the handle and without lifting up behind and choking.

Senior Banquet.

The Senior Class of the South Dixon High school was banqueted last evening at the home of Mr. and Mrs. C. H. McKenney on Hennepin avenue.

The banquet was a most pleasant affair and almost the entire class attended in company with Professor C. H. Anderson and Superintendent W. R. Snyder.

A splendid repast was served, after which toasts were in order. Professors Anderson and Snyder gracefully responded. As a token of the appreciation of his services to them as their advisor, Professor Anderson was presented with a beautiful Waldeman chain and a gold pen-knife, by Roy Fitzsimmons as the class president.

The gathering of the class last evening was to be considered as the last time that it would be together in a body, but the young people, not willing to have it so, agreed to meet again at a like affair three years hence.

Miss Anna Altendeffner was appointed permanent class secretary and the members are to keep in touch with each other through communications addressed to her.

Although last evening was a time of parting, the banquet was one of the most pleasant and delightful affairs the class of 1914 has ever enjoyed in the four years of active social life, owing, no doubt to the graciousness of the hostesses, Mrs. McKinney and daughter, Helen.

Eckert, youngest daughter of Mr. and Mrs. Emil Eckert of Swissville, and Joseph Tappanier, Miss Myrtle Charles of Kansas City, a cousin of the bride, was in attendance upon her and Jacob Tappanier, brother of the groom was best man.

The bride was prettily gowned in white satin with white satin slippers and a tulle veil with coronation of orange blossoms. She carried a shower bouquet of bride's roses. The bridesmaid wore pale blue chiffon over silk, with large white hat trimmed with pink rose buds, and carried a large bouquet of white carnations.

Lohengrin's wedding march was played by Miss Mary Bresnahan as the bridal party entered the church and the happy bridal party left to the beautiful strains of Mendelssohn's march.

A wedding supper was served later at the home of the bride's parents for relatives and a few friends. The house was artistically decorated and made a pretty setting for the bridal party.

The couple were attended by the groom's sister, Miss Pauline Gannon, and Dr. Bradley of Milwaukee.

On June 1, 1914, occurred the eighty-first birthday of Lawrence Stull, at the home of his son, E. L. Stull and family of Polo, Ill., and thirty-one relatives and friends gathered to help him celebrate this glad event for Uncle Lawrence, as he is known to all of his acquaintances. All looked forward with pleasure to meeting him, as he takes such delight in meeting all old friends he does not see during the year and who always meet with him on that day of his happy and peaceful life.

Mr. Stull and his helpmate, who passed to the great beyond five years ago, have made their home with their only child and family for almost 28 years, and they have always been a faithful son and daughter to them, always thinking of their parents' comfort, before their own. Mr. Stull came to the estate when a young man, bringing his wife with him to make their start in life and has always lived near the town of Polo. He had to do with a great many trials and misfortunes that fall to the lot of every man, but he accumulated enough that in his retiring days he can live in comfort. Mr. Stull is a member of the church of the Brethren. He joined that church at an early age, and has been a faithful Christian always trying to do his duty to God and mankind. He is always ready to lend a helping hand to all who need his help when it is within his power to do so. Mr. Stull had with him on that day one of his old boyhood chums, Jacob Buconhan, who also resides in Polo. The day was one of God's best gifts, a bright and clear one, and was greatly enjoyed by all.

MRS. HENRY F. DIMOCK

Mrs. Dimock, who heads the George Washington Memorial association, which is to erect a great convention hall in Washington as a memorial to the first president, is prominent in society and is a sister of the late William C. Whitney.

One thing saddened the day for Mr. Stull, and that was that his sister, Mrs. Mary Mon of Grand Detour, could not be with him as she is confined to her bed with illness, which her friends hope will be succeeded by a rapid recovery.

The day was enjoyed by all present, the out-of-town guests being, John Miller and family and mother Mrs. Sarah Miller of Mount Morris, Victor Jones and family of Freeport and Walter Mon and wife of Stratford.

At noon a nappetizing dinner was served and all surrounded the table with good appetites. After dinner, music was enjoyed, furnished by Mr. Miller and daughter Frances. Recitations were rendered by Miss Frances Miller, Mrs. Mary Rucker, Mrs. Ruth Holby, Miss Florence Stull, Manerred Stull and Lawrence Stull Jr. Uncle Lawrence made a few remarks about the occasion and wished those assembled to return again and all the ones that could not attend this year, to meet him next year, if the Lord spares his life.

Those assembled contributed to wards an easy chair which they presented to Uncle Lawrence with their best wishes for his long life and happiness. The gathering broke up about five o'clock with the song, "God Be With You Till We Meet Again," and all adjourned to their homes wishing Uncle Lawrence many happy birthdays.

THE EDGE OF THE WORLD.

There is the road that climbs the hill
From the valley green below;
I shut my eyes and see it still
Away in the long ago.

It winds thru autumn uplands brown,
Thru shadows and changing light,
Till where the blue of the sky bends
down
It vanishes out of sight.

We climbed it once in childhood days,
A brother and I, we three,
Thru all its winding shady ways,
To see where the end might be.

A farmer we met—'twas growing late
And near to the close of day;
He said "The road stops at my gate—
There is no more road this way!"

We wondered much—so much near
the night—
We shook with a sudden fear;
Beyond the hills a weird strange light
The edge of the world so near!

What if the wind should blow we said
And we should all be whirled
Across the field, alive or dead,
Over the edge of the world?

Homeward we fled with fearful speed,
Well-nigh with the whirl of wings,
Far from the dizzy brink indeed,
O'erchanging the edge of things.

In after years we still would shun
The road that climbed from the
plain,
Nor dare draw near in shade or sun,
To the edge of the world again.

LEARN TO SWIM.

Since the disaster in the Gulf of St. Lawrence, where many persons
who knew how to swim were able to save themselves by that useful knowl-
edge, boards of education in various cities are being asked to add swimming
pools to the school gymnasiums and teach the boys and girls how to swim.
They may never need to know, but should they, the need would be power-
fully urgent. We teach book lore to them that they may learn to live hap-
pily and well. It might not be out of place to teach them something that
might be their only means of living at all should certain occasions unfortun-
ately arise.

The average boy learns the art of swimming, but few girls do, and it
is even more important that they should, for a woman is more helpless than
a man in the water.

TAKE THEM OUT OF POLITICS.

One of the reforms that was recommended by the Illinois Bar associa-
tion in its annual meeting last week in Chicago was the suggestion that poli-
tics should be eliminated from the judicial elections. Among suggestions for
achieving non-partisanship in the selection of judges were: (1) the nomina-
tion of judicial candidates by petition, instead of by primary, and (2) the
use of a separate ticket carrying the names of all candidates for judgments,
without party designations. The time is ripe to put these two long needed
reforms into practice. The most desirable type of candidates would be more
willing to seek honors on the bench if they could thus avoid the political
squabbles that necessarily occur under our present system of electing a ju-
diciary. The successful candidate would owe allegiance to no party or fac-
tion. He would have no end to serve save that of justice.—Galesburg
Mail.

VALUE OF HUMAN ENERGY.

To raise a dish of strawberries for your Christmas dinner requires
enough energy to grow your bread for a year.

The radied care which produces one orchid would, if employed in rais-
ing potatoes, give you a supply for many months.

Labor is the vital commodity in most of the things we eat and wear and
enjoy. It changes a pound of metal worth a couple of dollars into watch
parts worth thousands.

It converts \$12 worth of cloth into a \$50 suit of clothes. It multiplies
the value of steel a hundred times when it makes razor blades.

When human energy is so valuable a thing, it is surprising how much
of it is thrown away.—Philadelphia Ledger.

THE GREATEST THING IN THE WORLD.

Aurora, Ill., Beacon-News: A former Sioux City blonde is suing one of
Billy Sunday's choir leaders for breach of promise.

"Our love," quoth she, "was the greatest thing in the world. We would
go rowing on the Missouri river and sing together."

Sioux City is becoming cultured. It used to be that the average Sioux
City notion of the greatest thing in the world was to go to the circus and eat
peanuts out of the same sack.

PLUMP GIRLS TO THE FORE.

Cater to you fat girls. Dame Fashion, out of the mercy of her heart,
now says that slim girls are passe. Cherubic smiles will now displace dis-
consolate youts on the pretty round faces of those maidens who have been
ruining the fact that they were not sylphlike. If you thin lassies want
to have an even chance with your plump sisters you'll have to take lots of
cream with your strawberries.

The Frenchmen seem to take the blue ribbons in automobile racing.
Probably the Gallic nature contains more reckless blood, or possibly it is due
to the fact that a scarcity of brains is a requisite in driving an automobile at
hundred miles an hour. The latter explanation strikes us as being a good
one, now that we look back over it.

Our friend Wilson won't get many Grand Army votes if he has the heart
to run again for President. His action of allowing the veterans to be turned
bag and baggage out of Federal offices they had held for years and his tardy
reconsideration of his refusal to make a Memorial Day speech set the staunch
old hearts of the "Boys of '61" against him.

A Glance Ahead

BY WALT MASON

The summertime will soon arrive, that season which is hot-
test; then every man in town should strive to be the leading
swattist. For steaming winds and brazen skies,
which makes the cornfields flourish, will also mul-
tiply the flies, encourage them and nourish. And
flies are such a pesky crew, they made one's rea-
son totter; and so the first thing that you do
should be to buy a swatter. The good old doc-
tors disagree when'er they have a chance to;
one doc goes haw, another gee — we can't guess
where they prance to. But on this question of the
flies, they speak as one sawbones; they tell us
that we ought to rise and wade in blood and raw-
bones. So haste and send your little son, or, fail-
ing him, your daughter, to hardware dealer with
the mon to buy a trusty swatter. And then from
every lowly cot we'll drive the pesky critters, and sing and chortle as
we swat, and hand the flies their bitters. And thus we'll benefit the
race—that isn't far-fetched, is it? We'll make the world a better place
in which to sit and visit.

BUYS NEW TAXI.

Clayton Elliott spent Tuesday in
Chicago, buying supplies and ac-
cessories necessary to the main-
tenance of his taxi line. He pur-
chased, while in the city, a new Ram-
bler taxi-car, which will be put in
operation soon.

IF THEY HAD BEEN IN "MOVIES."

"Many a good actor is overlooked
because he does not get a proper
opportunity," remarked the stage
manager.

"Yes," replied the producer.
"When you think of such men as
Forrest and Booth, it seems a shame
that they couldn't have had a
chance in the moving pictures."

LAUGHTER.

Here's to the laugh that seems to
tell
Of a state of mind where all is
well;
The laugh that riples with humor
gay.
Like a flash of sun on a gloomy
day.
But who shall echo the laugh that
shows
A friend's mistake, or a foe's
woes,
The laugh that is empty and insin-
cere.
The laugh that only conceals a
sneer?

Saving by Slot Machine.

Budapest is the first city in the
world to set up slot machine sav-
ings banks. The machines are arranged for
the receipt of two coins, the crown,
worth about twenty cents, and the 20-
filler piece, worth four cents. They
return a ticket for each coin deposited
and these tickets bear interest from
the date of their issuance. The rate
paid varies with the current bank rate
and ranges from three to four per
cent; 110 tickets may be exchanged
for a bank book.

The first slot machine savings bank
was placed in front of a branch of the
bank in the immediate vicinity of the
central railway station, and the re-
ceipts of this machine have always
been larger than those in other local-
ities. At present there are 14 machines
in operation in Budapest.

Worth Knowing.

Radium is a remarkable substance
of great scarcity, a mineral element,
and among many others possesses the
property of producing photographic or
electric effects by a process analogous
to radiation. It also possesses the
curious property of giving off heat in-
definitely without any appreciable
change in the substance itself. It is
highly valued in the scientific world
and is said to exert a wonderful in-
fluence in destroying malignant tumors.
Its scarcity makes it of enormous
value and as yet not more than half
a pint has been collected.

THE ILLINOIS LESSON.

I want the vote, the woman cried,
To cleanse our politics!
The old machine I cast aside,
Good-bye to bosses' tricks.
All candidates unpurified
I'll send across the Styx!
And while the bosses ran and hid,
She—
voted as her husband did.

The Demon Rum must banished be,
Her leaders told her so.
In future we must never see
The alcohol allow.
The man who wabbles at the knee
Must meet his overthrow.
But hubby said, "I thirst, my pet,"
And what d'ye think? She—
voted Wet.

Down in the ward of Bathhouse John,
Where the raw red lights glare,
The suffragist cried, "Vice, begone,
We'll kick you down the stair.
The garb of good our sex will don
And crush the wrong fore'er."
And woman in her new-found crown,
Went voting for the Open Town.

O, Suffragist! O, Suffragette
You grieve us sore, you do.
We thought that when the vote you'd
get
Some new ideas we'd view.
And men would have to toil and fret
To win the votes of you.
Instead your noble aims you hid
And—

THE SYMBOL.

He had decided at last to make
the great avowal, convinced that a
word would suffice to secure his
good fortune. He only lacked a be-
ginning. A beautiful, poetic, inspir-
ing, beginner. At last he found it.
Presenting himself to the desired
one and suddenly showing her a ring
he said, "My love for you is like this
ring; it has no end."
The young lady examined the lit-
tle golden circlet for awhile with
close attention and then returned it
to him.
"My love for you," she said, "is
also like that ring; it has no begin-
ning."—Youth's Companion.

COURTS LIMITED IN LABOR WARS

Injunction's Use Is Restricted
in Anti-Trust Measure
Adopted.

EXEMPTS LABOR UNIONS

Legalizing Strikes, Clayton Plan Spec-
ifies Some Societies Are Not Trusts
—Bill Approved by Commit-
tee of the Whole.

Washington, June 3.—The Clayton anti-trust bill, with provisions limiting the use of the injunction in labor disputes, legalizing strikes and peaceful picketing and providing explicitly that nothing in the anti-trust laws shall be construed as forbidding the existence and operation of farmers' organizations and labor unions or as holding them combinations and conspiracies in restraint of trade, was completed by the house in committee of the whole. It was then laid aside to await a final vote.

House leaders will make an effort to complete the final measure by the end of this week. Votes on three anti-trust measures are expected soon afterward.

Limits of Corporations.
As finally agreed on, the Clayton bill contains provisions:

Against price discrimination.
Prohibiting arbitrary refusal to sell natural mineral products.

Forbidding sale or lease of goods conditioned on the agreement of purchaser or lessee not to deal in competing products.

Making decrees in suits brought by the United States under the anti-trust laws conclusive evidence in private suits against the same defendant.

Prohibiting corporations from controlling competing concerns by stock ownership, and forbidding interlocking directorates in concerns under federal jurisdiction.

The much debated labor sections of the Clayton bill, in addition to limiting the use of injunctions, legalizing strikes and farmers' and labor unions, say that neither these organizations nor their members shall be held to be combinations or conspiracies in restraint of trade. They also provide for:

Primary boycotts.
Peaceful picketing.
Peaceful assemblage of strikers.

Trial by jury in cases of contempt of court committed outside the presence of the court, or not near enough to interfere with the administration of justice.

Penalties for Corporations.
The penalty section imposes a fine of \$5,000 on corporations convicted of violating the law, and a similar fine or imprisonment for one year as a penalty for directors, officers, agents or employees, who authorize, direct or do acts which result in violations of the law by the corporation.

The provision limiting the use of the injunction says no such writ shall prohibit strikes, peaceful picketing, peaceful persuading of persons to work or quit work, primary boycotts, payment of strike benefits or peaceful assemblage. The house adopted the Webb amendment, which declares none of these acts shall be construed as illegal. All other amendments were rejected and the whole section covering injunction questions was adopted.

NAVY SCANDAL STIRS CAPITAL

Officer of President's Yacht Dismissed
After "Affair."

New York, June 3.—The most unfortunate United States navy scandal in years is out despite the earnest desire of President Wilson and the most extraordinary efforts of Secretary of the Navy Daniels to suppress what lies back of the resignation of Edward C. Little, a passed assistant paymaster attached to the presidential yacht Mayflower, "for the good of the service," and the sudden transfer of Lieut. Archibald H. Douglas from the Mayflower to the Asiatic station. Five enlisted men reported Mr. Little to Secretary Daniels for misconduct on board the Mayflower. The reports followed a night of hilarity on the yacht, which began when the paymaster brought two women on board as his guests. It is said they had dinner and then continued the entertainment until morning. Lieutenant Douglas was on duty at the time as officer of the deck.

Dramatic Notes

FAMILY THEATER.
The Family Theater will show the Fourth Series of "The Perils of Pauline," this evening in connection with other reels entitled, "His Chorus Girl Wife," and "The Wedding of Prudence." Great interest has been shown in the "Pauline" pictures thus far and the first three parts shown here have proven to be equal to anything in the motion picture line ever shown in this city. The situations are most wonderful and yet not overdrawn, and each succeeding series is more interesting than the former, and draws you deeper and deeper into the plot of the Secretary and his pal to do away with Pauline.

PRINCESS THEATRE.
Thursday night the Princess will have an excellent program. The 12th series of "Our Mutual Girl," in which she meets Evans, hero of the ill-fated Scott south polar expedition and lion of the hour in England. She also meets Bruce McRae the theatrical star and visits the big steamer Imperator and sees the lady tramp-shots of the world.

A two reel special is also to be given entitled Captain Junior, a broncho drama of life in a western military post, full of love and adventure and thrills.

FIRST FUNERAL OF EMPRESS DEAD

Bodies of Nine of Crew of the Ill-Fated Vessel Are Laid to Rest.

CEREMONY AN IMPOSING ONE

Identity of Victims Confuses Their Relatives, Remains Difficult to Recognize—Sailors, in Bitter Debate.

Quebec, June 3.—The first public funeral of victims of the collision between the Empress of Ireland and the Storstad was held today when the bodies of nine of the crew were buried. Mayor Napoleon Druin, aided by Canadian Pacific officials and prominent men of the town, arranged a ceremony, which was very imposing. There was a procession headed by the Royal Canadian garrison artillery band and detachments from the warship Essex, and the local military forces were in line. The schools were closed and for a time business was suspended.

Dispute Becomes Bitter.
The controversy between the captains of the steamers and the respective crews in the Empress of Ireland disaster continues hotter.

The steward of the Storstad has issued a statement in which he supports the declaration of Mrs. Anderson that members of the crew of the Empress who had been rescued and brought aboard the Storstad refused to aid the rescue work in lifeboats of the Empress which were alongside the Storstad. Passengers rescued from the Empress declare that the crews of both steamers did splendid work in rescuing and attending to the survivors.

In the meantime preparations for the official inquiry which will fix responsibility for the disaster are going forward. In addition to the members of the royal commission already named, who are Sir Adolph Routhier, judge of the court of admiralty of Quebec; Hon. Ezekiel McLeod, chief justice and judge of the admiralty court of New Brunswick, and George L. Vaux of the British board of trade, Baron Mersey of Toxteth, England, has been named on the commission. Lord Mersey was president of the British commission which investigated the Titanic tragedy.

Hearings Begin June 9.
The hearings will begin June 9, but whether in Montreal or Quebec has not been decided definitely.

Confusion as to the number of persons who perished in the disaster was further emphasized when figures, declared by the Canadian Pacific Railway Steamship company to be official, raised the death list to 1,024 from 969 on Sunday night—55 more. The company asserted that the Empress carried 1,473 passengers, officers and crew.

Deny All Liability.
Owners of the Storstad deny all liability. They will present a petition to Judge Dunlop in the admiralty court asserting that "the collision happened without the actual fault or privity of the owners of the Storstad," and "they deny all liability for the collision."

The direct object of the petition is to obtain the release of the Storstad, which still is under seizure on account of the Canadian Pacific railway claim for \$2,000,000 damages.

The body of Henry Seaton-Karr, explorer and author, will be buried in Mount Herman cemetery, near the St. Lawrence. Officials of the Canadian Pacific railway communicated with the relatives of the traveler and were instructed to inter the body here.

The report that Laurence Irving's body had been recovered is untrue. No trace has yet been found of him or of Mabel Hackney.

There is great confusion in the identification of the dead. Some of the bodies have been identified by as many as four different people. Two women were identified as men.

Lloyds May Raise Ship.
Montreal, June 3.—Lloyds, the insurance underwriters, will decide whether it will be feasible to raise the foundered Empress of Ireland from the bottom of the St. Lawrence river, it was learned. The Canadian Pacific Railway company, owners of the ill-fated vessel, automatically relinquished all claims to her when she sank.

PERFECT CONFIDENCE

Dixon People Have Good Reasons For Complete Reliance.

Do you know how—
To find relief from backache;
To correct distressing urinary ills;
To assist weak kidney?
Your neighbors know the way—
Have used Doan's Kidney Pills;
Have proved their worth in many tests.

Here's Dixon testimony.

N. W. Beale, 620 College avenue, Dixon, Ill., says: "For a long time I had kidney trouble and it showed itself in various ways. I had rheumatic twinges and my back was stiff and lame and when bending over, I could hardly straighten. When I was suffering intensely, I began using Doan's Kidney Pills, which I got at Leake Brothers Company Drug Store. They gave me wonderful relief in a short time and I still use them, keeping my kidneys in good shape. All I said in praise of Doan's Kidney Pills one year ago, holds good and I am glad to confirm that statement."

Price 50 cents, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Beale had. Foster-Milburn Co., Props., Buffalo, N. Y.

GUARDFAKES HERO ACT

Agriculture Bureau Watchman Yells "Dynamite."

But Finally He Confesses He Planted It Himself to Deserve Promotion —2,000 Flee to Open.

Washington, June 3.—Five sticks of dynamite with burning fuses attached were found in the department of agriculture under the office of Secretary Houston and a panic resulted. Daniel Vinton Jauch, a watchman, was arrested and admitted placing the dynamite. He said he hoped to prove himself a hero by "finding" it and giving the alarm and so getting an advance in pay.

Had the dynamite exploded the building would have crumbled to ruins and over two thousand clerks and government employees would probably have perished or have been seriously injured. Shortly after three o'clock in the afternoon Jauch came tearing into the office of Beverly L. Galloway, assistant secretary of the department of agriculture, shouting that the building was about to be blown to the skies and warning the clerks to flee for their lives.

"What's the trouble?" demanded Andrew A. Ormsby, assistant chief clerk, elbowing his way through the crowd. "I found a bundle of dynamite in the basement," Jauch said, when he became more composed. "There was a fuse attached. It was lighted, but I guess I put out the fire all right. See, here is where I burned my fingers." He held out his blackened hands for inspection, but no one stopped to look.

ROMAN MEAL THE NEW HEALTHFUL BREAKFAST FOOD

ROMAN MEAL corrects and improves digestion, prevents and relieves constipation.

Roman Meal is composed of wheat, rye and flax. This wheat and rye are ground "with their jackets on." The flax is so treated that it has a delicious nutty flavor with no trace of the characteristic odor.

They claim that with the addition of milk, butter or cream you will have a perfectly balanced food.

It is put up in about three pound packages and retails for 25 cents.
